

WHO WE ARE

Bridges International is a caring community of Christ-followers committed to serve, promote social connections and engage in spiritual conversations with international students so that students become leaders internationally. Local chapters of Bridges groups exist on campuses throughout the U.S.

As part of Bridges International, the **Chinese Network** is focused on the largest segment of international students in the U.S. — those coming from China. There are now over 300,000 Chinese students and scholars in the United States, many of whom represent China's best and brightest. And these numbers continue to grow! We desire to help develop leaders among Chinese international students so that they can make a lasting difference in their world.

WHAT WE OFFER
